Nothing Is Ours But Time

"Time goes by so slowly and time can do so much..." are words to a song recorded by the singing group "Heart." These words express the feelings of many as they anticipate coming events in their lives. So they sit back and let time go by, waiting for their special day to come. But when it does come, they find that time has changed the circumstances of their lives, and their goals and ideas are no longer the same. A portion of their lives has gone and will never return.

The beginning of a new school year seems to bring no promise of prom, or graduation, or of sun-filled days at the beach. Yet these days come and go quickly and soon these events are only memories. To experience such events to the fullest should be everyone's goal, but he should also realize that not even the prettiest prom dress, or a signed diploma, or the darkest tan can bring back moments already lived.. The past is past, and the future is not promised to all. "Nothing is Ours But Time..." and that time is the present.

TIME TO GET UP!

by Judy Dorn

Imagine yourself in a nice comfortable bed just snoozin' away. Suddenly you are awakened and yes, it's high time you got to school.

Between 7:40a.m. and 9:40a.m. our school comes alive and our daily routine begins. At 7:40a.m. I.C.T., D.E.C.A. and V.O.E. meet for the zero hour, an hour before school to train students about on-the-job-situations. Students who are not involved in any of these arrive at about 8:30a.m., the time when most are bussing about getting ready for the day. **Charlene Brossette** said, "I'm usually in a rush to get to class because I'm always running late."

(A) **Sheryl Morgan** and **Liz Zeto** decorate a football player's locker before school. (B) Members of the D.E.C.A. Club dress up for Halloween. (C) Football players get an early morning lecture during before-school-work-outs. (D) **Deborah Garney** meets some friends at her locker to exchange last-minute test notes. (E) **Mr. Curtis Jacobs'** I.C.T. class seems to be working comfortably during the zero hour. (F) **Liz Holt** sorts yearbook pictures in yearbook production. (G) "Sometimes we start practice at 7:30a.m. during volleyball season but during off-season we start at the regular time," says volleyball coach, **Mrs. Tanyia Barnwell**. (H) **Tina Vandergriff**, **Donna Franks**, and **Franny Brister** goof off before the first bell. (I) F.T.A. President **Karen Willis** gets ready for their visit to Little Cypress Elementary before school to collect student's letters to Santa Clause.

Time Is The Deal

by Liz Holt

Second period is probably the busiest one all day. Between 9 and 10:40, all classrooms are full, even the library lecture room is full. Variety is abundant. Office aids rush to get the official count of students for the State. P.E. students play golf, run track, and learn aerobic dancing. AG. people prepare for competition. **Susan Bland** commented, "Second period is just not long enough to do all that needs to be done."

All Honors Plus English classes are taught second period. The Plus program had enjoyed great success in its second year. **Donna Farrell** remarked, "Every college bound senior should have Mrs. Hardy. Her's is a fantastic college prep. course."

(A) **Richard Hyder** and **David Ellis** goof off while **Cary Trahan** works steadily on his experiment in Chemistry. (B) **Rick Hyman**, **Jody Bailey**, and **John Harrell** spend second period as office aides, an exclusive senior privilege. (C) **Chade Henry**, **Shawn Butler** and **Patrick Ryan** work on televisions and radios in Electronics. (D) **Mrs. Charlotte Moberg** helps **Michele Barborek** average her grades. **Mrs. Moberg** teaches honors plus English for juniors.

Time Goes On

by Laura Simar

by Liz Zeto

Time after time third period students are busy clock watching. They are waiting for the arrival of fourth period lunch. Most students find that third period is a very lazy and hungry time.

Sophomore **Wil Trotter** said, "Third period is the slowest class of the day." Senior **Charlene James** said, "If only I could have a little something to eat before third period, I could make it until lunch." Most students feel that third period drags on and on.

Most of the students agree that lunchtime is the favorite part of the day. There is time for socializing and relaxation. Extra-curricular activities are developed and improved. **Catherine Barnes** says, "Lunchtime gives me reassurance knowing that the band hall is open and I can practice my U.I.L. solo." The students in band often practice during 4th and sometimes run into 5th period. The basketball team works out in their spare time, also. As time goes on, classes resume and students go back to studying after an enjoyable 4th period.

(A) The entire band is hard at work and often runs into its lunch period practicing. (B) Students in fourth period lunch enjoy talking with their friends while eating. As the time continues through the day, sixth period eventually comes along and students go back to work. One class is unique to this period. Stage band is offered only during this period. When asked how this scheduling affects this class, **Mr. Nelson Nolden**, band director, stated, "Because of scheduling problems at our school, some students who need to be in stage band can't be because of plus classes. However, if it has to be offered only once, there isn't a better time of the day." **Mr. Nolden** continued, "In my opinion stage band is one of the most progressive courses offered in any high school program."

Deborah Penola said, "Sixth period is the busiest time of the day for me because most of my required subjects are at the end of the day." She also feels like the day is running out of time to complete all the work she has remaining.

(A) **Jody Bailey** and **Carol LaRue** enjoy each others company while working on repeat design and color scheme in art. (B) **Coach Mike Gray's** advanced government class listens to one of his many lectures. (C) All watch while **Gena Berry** exhibits the fine art of golf. (E) Mrs. Charlotte Johnson hands back papers to her English II class.

Seventh period is the most awaited period of the day. Because of this, students slack off during seventh. When asked how he feels about seventh period, **David Smith** replied, "I don't think too much about it; I'm just waiting to get home." **Scott Riling** said, "Only one more period to go." One may wonder if this creates a problem for the teachers. When asked about this, **Mrs. Sharon Sims**, math teacher, answered, "It makes it hard for a teacher. They're tired and they're ready to get out. Fridays especially. Fridays are terrible!"

PASTIME

by Lynae Ashcraft and Stefanie Huseilton

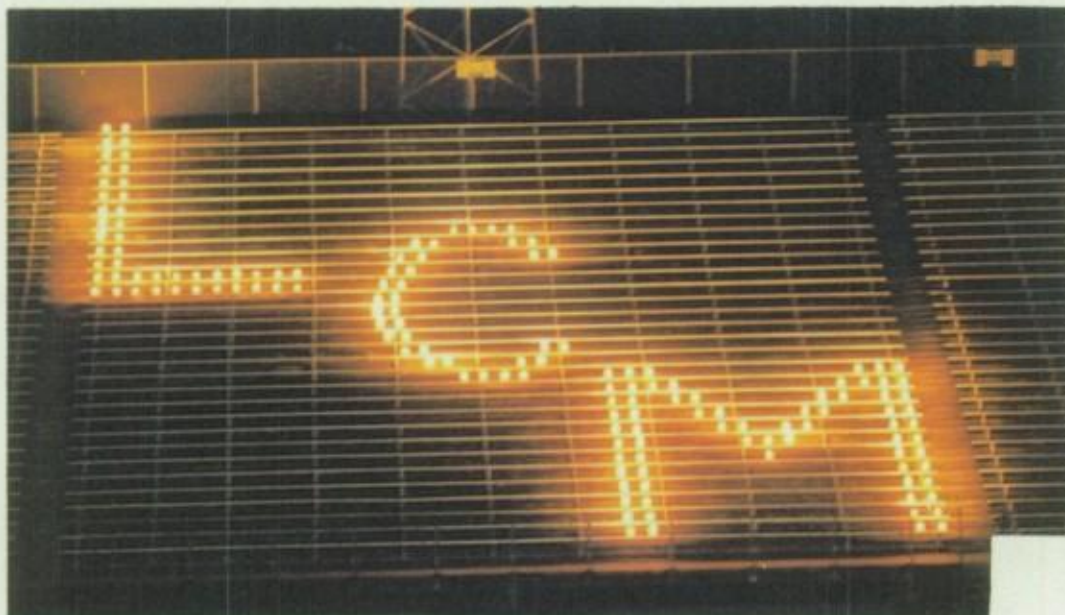

The 3:40 bell rings and another school day is over. But activities do not end when seventh period ends. After all day is spent studying, students rush to participate in their favorite pastimes.

Afternoon hours are occupied with everything from team practices to city-wide parades. When the sun sets, the night air is filled with the excitement of football games, musical productions, and dances.

All weeks have seven days. This never changes. So what keeps those 52 hours from becoming monotonous? ... "Variety" is the answer to that question.

Week by week, students are given opportunities to participate in different events. The fall provides a week of nightly entertainment as students present the annual musical. During the week of Homecoming, activities range from a candlelight pep rally to a spirit-filled football game. Twirp Week provides the chance for a girl to ask that special guy for a date.

Students Acquire Skills

by Carol Floyd

Academics, formerly thought of as simply reading, writing, and arithmetic, have begun to change in recent years. Although these three things do make up a major part of education, a wide variety of other topics are now included in this classification. Classes no longer prepare students only for college; skills are now learned that will help them acquire jobs immediately after high school. Students are learning to express their opinions openly through courses prepared for this purpose. Courses such as Diesel Mechanics, Cosmetology, Typing and Shorthand give the needed knowledge for students to adequately fulfill their career expectations.

Free Time Provides Rest

The eight-hour school day of students does not consist of only academics or "bookwork". Classes such as band and homemaking provide fun, yet still supply credits needed to graduate. The day is divided with the lunch period, providing a welcome rest. During this time, students are free to wander anywhere on campus and spend the hour as they wish. But do not be misled; although students do have a large amount of free time, the time always comes to "crack the books".

Students Serve As Aides

by Carol Floyd

An important part of many seniors' academic lives is the responsibilities they have as aides. These students spend one of their class periods each day helping in the office, library, or classroom. This arrangement helped not only the teacher but the students, by teaching them to put to use some of the skills they had learned in the past.

(A) Senior **Johnnie Kay Heard**, employs her skills as an assistant in the office. (B) **Karen Willis** volunteers her services to the school during a class period each day. (C) **Jody Bailey** learns how to operate certain machines, such as the Xerox copy machine. (D) Senior **Barry Wilkinson**, fulfills the cliché, "A place for everything and everything in its place." Exclusive Days at LCM

Although each day in the academic life of students cannot be described as exciting, every group has its highlights. Among the boring, everyday activities comes the time for recognition, those 'special days' in the school year. For choir, there is UIL; for VOE, there is the first day with the "TRS-80"; and for English classes there is the day of entertainment provided by Steve Kirkindall who sings and plays poetry on his guitar.

(A) Leonard Connor and Tom Coffey talk to a college representative onn College and Career Night. (B) Classes abandon the regular schedule to watch the Inaugural Address of President Ronald Reagan. (C) Junior Liz Jones operates the TRS-80 in VOE. (D) Steve Kirkindall spends a day entertaining Mrs. Vicky Locke's classes. (E) Junior Kim Pavia prepares her solo for the UIL Solo and Ensemble Contest.

Projects Are Important

by Kris McWhirter

The academic life of LCM students has changed considerably over the years. Students are seeking new ways to exercise the skills they have learned in their classes. The school administration and the teaching staff worked hard during the 1980-81 year to provide opportunities in various courses.

(A) Karen Willis, Jobie Bickham, Donna Farrell and Julie Lorenz display their projects for Mrs. Sharon Sims' math class. (B) Lisa Miinch and Beth Capo get information for a Bearfax story. Academics Specialize in Activities

Academic courses do not only consist of studying books anymore. Activities of different types play an important part in student life. **Terry Statum** worked as a volunteer nurse at Orange Memorial Hospital. **Terry** said, "Working there made me realize the real-life problems people face everyday." As a result of these activities many students learned to cope with unfamiliar circumstances and enjoy themselves at the same time. Another way of looking at these projects is that they helped break the daily stress and routine of regular classes. Teachers and students are learning new ways of getting involved with each other and people around them. It has definitely been proven that participation in these various projects is a new beginning in helping mend the communication gap between students and the staff.

Health Program Designed With Students In Mind

by Stephen Nichols

Our health program is designed to improve the quality of life of our student population. When asked about the goals of our health program, **Mrs. Jean Cochran**, coordinator of the health program, said, "The major aim of our program is to improve the quality of life for the participants."

The program includes units on CPR, first aid, and nutrition.

As health instructor **David Williams** notes, "Although we don't expect the students to remember everything we've taught them, we feel our health program provides a firm basis for a healthy life."

Driver's Education Teaches Road Safety

While many students think of Driver's Education only as a means of obtaining their driver's license, the course has been designed with safety as the major priority.

Students in Driver's Ed arrive at school early in the morning in order to complete the classroom phase of the program. Also included in the classroom phase is student participation in the simulator. Students fulfill the remaining requirements of the course with three hours of actual driving under the supervision of an instructor.

After a student completes this program he should be fully prepared to overcome the dangers of highway driving.

Students Gain Teaching Skills

by Stefanie Huselton

Future Teachers of America offers to students the chance to help teachers grade papers and help plan class activities. This helps them gain experience for their futures in teaching or even in other jobs they may pursue. These students work with the teachers before and after school and during the lunch hours.

Library Aids Assist Librarians

Library aides offer much help to librarians. This job is very hard work and takes a lot of time and effort. They put books on shelves, mend books, check out books to students, stack magazines, fix bulletin boards and xerox papers. **Mrs. Nell Horton** librarian, said, "We appreciate their help because without our aids we would not get everything done."

One of the highlights of the year came when **Mrs. Horton** gave a slide presentation of her pictures which she took while in England. She said, "I love to have the time to do some extra things with the students other than shelf books all the time."

Line Small But Ability Great

Although this year's twirling line is small, the ability of these four is outstanding. This year it was decided to have a feature twirler and because of a problem in choosing a single twirler, all of the twirlers featured at individual games.

Head twirler **Christi Darden**, said, "As Head twirler I feel that putting the routines together is a lot of hard work, but when they are finished we really feel like we have accomplished something." **Kay Hearn** describes her most challenging experience by saying, "At the Bridge City game, twirling two fire batons was something I had never tried to do before. It's something I'll never forget."

(A) The 1980-1981 Twirlers are top: **Kay Hearn**, middle; **Michelle Bullock**, bottom; Head Twirler **Christi Darden**, and **Beverly Becker**. (B) **Johnny Martin** was chosen as this year's Twirler Beau. (C) **Kay Hearn** practices before a game. (D) **Michelle Bullock** stated, "Being the only rookie on the line made me have to learn things a lot faster to keep up with the others." (E) **Beverly Becker** said, "It takes up a lot of time but it's worth it Friday night when you get in front of all those people." (F) **Christi Darden** shows her talent by twirling knives.

Flags Work Hard

The flagcorps this year is larger than last year's. The routines have also changed from last year. They have gotten harder. The larger size and harder routines only meant harder work for all the members to perfect their part for Friday night.

(A) **Cara Powell** was chosen as outstanding flag member of the year. (B) 1980-81 flag members are standing: **Shana Ivey, Kathy Hancock, Roxie Risinger, Catherine Barnes, Clare Marshall, Deidra Clemons, Rosie Guin.** Sitting: **Norma Guin, Gina Brossette, Joy Cross; Cara Powell, Flag Captain; Charlot Carnline, and Brandy Dunn.** (C) Flag Beau this year is **Joseph Molina.** (D) Flags perform to the song "Dallas" at the Hebert football game. (E) **Joy Cross** and **Cara Powell** put in long hours of practice to improve on all the routines.

Marching Style Changed

The style of marching was changed this year for the flag corps. Instead of marching with the band, they were marched as a separate unit. This added a greater variety of performance at the games. Assistant Band Director **Tom Harvey** stated, "The flag corps has set a hard tradition to follow." Flag Captain, **Charlot Carnline** said, "It was a challenge and a great learning experience for all of us."

(A) **Brenda Pickard**, a second year member of flags, helps **Catherine Barnes** with a routine. (B) **Rosie Guin's** and **Roxie Risinger's** expressions show that flags can be fun as well as hard work. (C) These flags practice one last time before a game. (D) **Clare Marshall** does individual work in the afternoon. (E) Flag Captain, **Charlot Carnline** gets set to start a rehearsal. (F) **Norma Guin** watches for her turn in the routine.

Homecoming Features Urban Cowboy Theme

by Chesney Blakenstein

Homecoming is an event that everyone looks forward to during their high school years. It is filled with great excitement and activities all through the week. It is also a tradition that everyone looks forward to every year. Receiving the honor of homecoming King or Queen is a great achievement.

The nominees for homecoming honors are picked by fellow classmates in their individual homerooms. They are then voted on by their class. The seniors are voted on by all of the students.

Projects Prevent Crowding

Package one of the building projects under the bond issue included the construction of two elementary schools, one at Mauriceville and the other at Little Cypress and the sewage treatment plant at Mauriceville. Package two included a new vocational building and gymnasium at the high school. The total expenditure of both packages is budgeted at \$8,146,922, which is within the budget.

Including renovations on all campuses, the total budget is \$9,603,021. Total revenues available from the bond sale, including interest earnings, are estimated at \$10,276,108. The balance will be used to retire initial interest payments on the bonded debt.

Inter-action Groups Proved Successful

by Debbie Penola

The Inter-action groups were established this year to let the students opinions and views on specific school topics be known to the administration. Each group elected a spokesperson and all of them met with the administration to communicate problems. Many decisions were made. Candy Machines were installed in the cafeteria, the snack bar was omitted, and recreation was going to be provided for the lunch periods. The Inter-action groups proved to be very successful. The principals helped make it succeed by giving their time to listen to the student body. Principal **Melvin Ellison**, said, "The Inter-action groups certainly made progress in that out of ten original requests, we were able to meet seven of them."

Secretaries Offer Many Services

The secretaries of LCM contribute many services to the student body. They keep up with attendance, books, lock numbers, and also help with students' schedules. Often the students receive important information when going into the main office. There are bouquets of flowers to be claimed and frequently there is good news from parents. "I do enjoy my job here because every day is different. There is certainly no monotony," **Charlotte Parker** said.

(A) **Helen Fancher** is always willing to give her extra time for last minute rushes in the print shop. Teachers don't always goof-off. There comes a time when they just have to "get down to business." Not only do they have to help students understand, but they have a considerable amount of independent work too. **Mr. Jerry Modisette** said, "I enjoy my work because young people are enthusiastic. It's hectic to keep up with them, but it's always interesting."

Seniors Of 1981 Prepare For The "Adult - World"

by Mandy White

The Seniors of 1981 are heading towards big changes whether they like it or not.

As Seniors, they have already begun to learn certain responsibilities such as managing money and applying for jobs. But has High School prepared them for the "Adult World?" Are the Seniors of 1981 ready for taking on responsibilities such as marriage, competing with experienced adults for adult jobs, or accepting the possibility of war? Senior **Roger Lampman** said, "As a Senior, I have gained experience in the Job Market. High School has prepared me for life after College." As for the possibility of war, Senior **Cris Leger**, who registered for the draft, said, "It was a new experience for me. It did not bother me, signing up, but if I am drafted, I do not think I will leave the country or anything like that."

(A) Senior class president is **Lisa Miinch**. Other officers standing include **Barbara Miller**, vice pres.; **Sherry Haley**, treas.; and **Pam Guillot**, sec. (B) Senator **Ralph Yarborough** meets BEARFAX Feature Editor **Andy McIntire** at the Democratic Rally held in Port Authur. Juniors Discover The "Best Place For Me"

by Laura Hudson

"Where am I going to college?" "What am I going to do this weekend?" "Which classes should I sign up for?" These are just a few of the questions every Junior has to face. Your Junior year is a time for making decisions and finding "the best place for you" in life. The Junior class of 1981 did precisely this in finding the best place for them in the classroom, on the weekend, and in college.

Is College Really Needed?

Over the years the demand for college education has grown more and more. A large number of the Juniors realized this and plan to continue their education at the college of their choice. Many of the students plan to attend area colleges such as Texas A&M, Texas University, and Lamar. But there is a small fraction that plan to go out of state. **DeeAnn Pence**, for instance, plans to attend Agnes Scott in Georgia.

Jrs. Share Ideas Of Rest And Relaxation

by Carol Floyd

After a long hard week of diligent work and studying, the weekend is a welcome change. Weekend recreation comes in different forms for different people. The movies, arcade, or a concert are appealing to many, while some prefer more physical activities such as bowling, swimming, or an afternoon football game. These are just a few of the examples of inexpensive fun that Juniors take advantage of. Whatever you like to do, the weekend is a great time to release built up tensions.

Electives Provide Skills For The Future

The electives chose by students at the beginning of the year are picked for different reasons. Some are to help prepare for jobs, some for college, some to develop talents, and others just for the fun of it. Drafting is a big favorite according to **Doug Whitten**, **Markie Brinson** and **Robert Dunaway**. But the classes provide more than fun, they give the students a skill that will be useful for the rest of their lives.

(A) Junior **Juan Sanchez**, demonstrates his cooking ability in home and family living. (B) **Markie Brinson** concentrates on his drafting project. **Markie** said although he might not go into drafting as a career, the skills he learns could help him in another occupation.

Sophs Find Time For Fun

Receiving their drivers licenses and other privileges that go with turning sixteen added many dimensions to sophomores' lives. Freshmen Enjoy Making New Friends

Freshmen enjoy meeting fellow classmates from the two junior high campuses. Freshmen seem to also enjoy meeting all of the upper classmen. Freshman **Beth Beach**, said, "I really enjoy meeting all of the upper classmen. These new friends will be very meaningful and will last a lifetime. These friends will be fun to laugh with, cry with, and have fun with.

(A) Friendship is very important to **Kim McDonald** and **Regina Frazier**.

Frosh Enter High School

by Anne Mueller

Some Freshmen think they are "dirt under the Senior's feet" and others are just glad they are in high school. There are so many new and interesting things for Freshmen to do. Most do not do much when it comes to week-ends, but they are always busy at home.

(A) Freshman **Mark Welch** says when he is home, his mom takes up his time in odd chores. (B) Freshmen **Scott Murphree** and **Roger Holsemback** find that high school is a little more challenging than Jr. High.

(B)

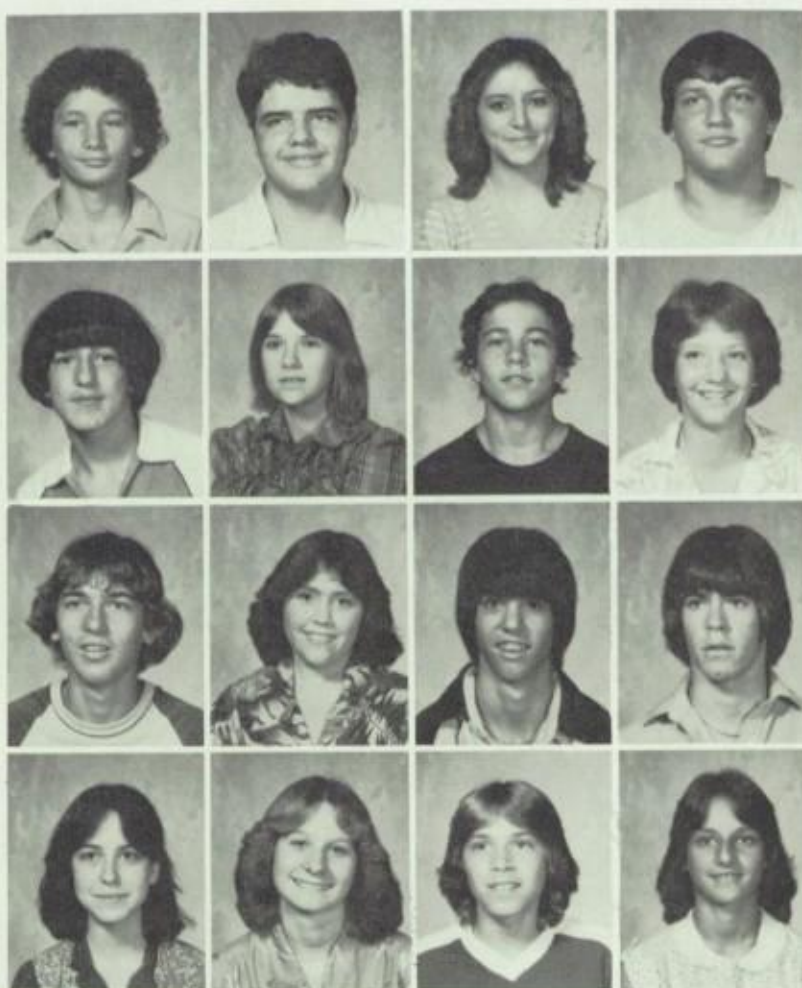

Eager Freshmen Show Spirit

By getting involved and gaining knowledge, Freshmen are already eager and spirited. More and more Freshmen are showing up at the basketball games to show their spirit. **Brewer McKay** says, "Boy, this basketball game is exciting, nothing like in Junior High."

(A)

(A) Students in the freshman plus English Class visited the Folger Library Exhibit at the Orange City Library. Of special interest were the sketches of the balcony scene from **Romeo and Juliet**. (B) Freshman **Cathy Lucia** joins the "jogging craze" while taking advantage of the spring weather.

Freshmen Are Getting It Together

Freshmen spend their year getting into the groove of high school, meeting new people and getting involved in school activities. No longer does their "junior high" life exist. They now have new opportunities such as being in sports, band, speech and drama, and the play. **Bruce Hammond** was in the school musical and he commented, "The play 'The Sound of Music' was a learning experience for me. It took much of my time, but it was worth it."

(A) **Weldon Jacobs** and **Warren Rawson** get involved in their first opportunity to play tennis. (B) **Mrs. Sharon Sims** and **David Query** get prepared for UIL math competition.

Cheerleaders Back The Battlin' Bears

by Melissa Turner

Cheerleading is not all glamour as some people may think. Cheerleaders must attend football and basketball games to lead the fans in cheers. At the Pep Ralleys, cheerleaders boost the spirit of students and teachers. Our cheerleaders began practicing in May for cheerleading camp. They attended camp in July at Lamar and returned home with superior ribbons.

Grizz Guards Work For School Spirit

Each year six members of the freshmen football team are chosen to serve as Grizz Guards. They are selected to protect the polyurethane mascot bear at each game, at least one of the grizz guards is with the bear at all times. All of the grizz guards think that it is very enjoyable plus they have a great sideline view of the football game. Grizz Guards help boost spirit, too. They run the bear around the track after each touchdown.

FCA On The Move

By Tami Levens

The Fellowship of Christian Athletes exercises Christian faith. It strives to strengthen the moral, mental and spiritual character of the athletes and coaches of America. FCA brings athletes together to prove that any sports figure or coach can be an example of his spiritual convictions in every daily experience.

Mrs. Linda Warner, FCA sponsor said, "It feels good what we are doing. At Christmas time, the FCA, student council and some churches fixed food baskets for the needy families. It was delightful to see their faces and share with them the feeling that someone cared."

FCA raises money to help needy families and for FCA members to attend camp. Some of their money raising projects include: concessions at Bearfeats, the Pro. Athletic Basketball game and the candy sale.

Girl's Tennis Excels At Tourneys

by Stephen Nichols

The 1981 girls tennis completed another year under the leadership of **Mrs. Linda Warner**. The girls, led by **Jeanette Yawn** in singles and **Dean Stringer** and **Susan Mills** in doubles placed forth at district out of 14 teams.

Girls coach **Linda Warner** said, "I feel we had a good year. This year a lot of our younger girls got some experience on our J.V. team so we should have a strong team next year also."

In singles, **Jeanette Yawn** won the Woodville, Jasper, S.F.A. and LCM tournaments, while **Beth Capo** advanced to the semifinals at several tournaments. **Jeanette** reached the semifinals at district while **Beth** reached the quarterfinals.

In doubles, **Dena Stringer** and **Susan Mills** placed second at Woodville and Jasper tourneys and third at the LCM tournament. **Cindy Lucia** and **Pam Isles** also placed well at many tournaments.

Tennis Team Flourishes

by Stephen Nichols

Although the 1981 boys tennis season was expected to be a rebuilding year, the team faced exceptionally well. Only one starter from last year's district championship team, sophomore, **Troy Parker**, returned. Boys coach, **Mr. Keith Lindsey** said, "Since we lost most of our starters from last year's team, I didn't expect us to do as good as we did. I think our off-season program helped us a lot." Although the boys team was predicted to finish near the bottom at district, they ended up finishing 4th out of 14 teams. At district, **Troy Parker** finished 3rd in singles while **Donald Miller** and **Stephen Nichols** reached the Quarterfinals in doubles. **Kevin Gallien** and **Allen Nation** lost to the eventual champions in the second round.

In other tournament action, **Troy Parker** won the Kountze and Jasper tournaments and finished 2nd at the LCM, Woodville, and S.F.A. tournaments. **Kevin Gallien** and **Allen Nation** placed 2nd at the Jasper, Woodville, Kountze, and LCM tournaments.

Next year, with all starters returning, the boys team should prove one of the strongest ever. As **Coach Keith Lindsey** points out, "With a little luck and a lot of work we should be very competitive next year."

Skilled Hands Create Modern Living Spaces

by Steve Whitten

During the course of each year the Building Trades students build a house to be sold by the school.

Mr. Earl Vidrine, Building Trades instructor said, "This year's house was a little more complex due to the addition of man-made decorator shingles." Other features of the house are the following: three bedrooms, two full bathes, a two car garage, utility room, fireplace, and a large enclosed patio. The house is located off of Meeks Drive, at 5709 Margaret Street.

Each year outstanding students from Building Trades are chosen to compete in Carpenter Speed Skills at the annual VICA contest.

Student Council Meets Goals

by Liz Holt and Scott Riling

The Student Council this year was able to accomplish a great deal, thanks to capable officers **Dave Thomason**, pres.; **Mel Plunkett**, v-pres.; **Ken Simar**, treas.; **Wendy Allbright**, sec. **Charlotte Moberg** and **Ken Willis** proved themselves to be able leaders in their first year of sponsoring the council. **Mrs. Moberg** commented, "Sponsoring the council has made me more aware of the needs of the students, it has convinced me that our student body is a caring, capable one. All of our hard work has paid off, and we have had a good time bettering ourselves, and our community."

The Student Council worked hard to raise money for various charities, including Muscular Dystrophy, and the March of Dimes. Canned foods were given to the Salvation Army at Christmas. Health projects were sponsored including a successful blood drive, and the distribution of safety brochures to elementary students at Halloween.

(A) **Coach Willis** and **Mrs. Moberg** oversee the Bearfeats Day activities. (B) **Dave Thomason** keeps the students informed through the morning announcements. The Energy People at GSU are working on tomorrow. Our 4,100 men and women are a special and diverse group of linemen, chemists, accountants, engineers, secretaries, computer operators, environmental analysts and others. But these many people in their different jobs accomplish a singular goal of providing reliable electrical service to nearly half a million customers. The Energy People make it happen.

THIS IS THE START OF SOMETHING BIG

Our Western Woodlands Operations - 290,000 acres of timberland supply the trees used at our Jasper Plywood Plant and our Orange Mill. Field Officer in Lufkin and Jasper, Texas, and Leesville and DeQuincy, Louisiana, plant over 8 million trees each year, growing more trees than we harvest. They are also active in a genetics program to aid in the development of superior trees.

Our Orange Mill operates 24 hours a day, 7 days a week, one of the world's largest and most modern pulp and paper mills. Our two paper machines produce about 1100 tons of linerboard each day - enough to make a 20 foot wide sheet of Kraft paper 650 miles long, stretching from Orange to St. Louis, Missouri.

In addition, the Sabine River and Northern Railroad - our own common carrier short line railroad - is a part of our Orange Operations. Over 34 miles of track - 3 locomotives - 400 boxcars - all a part of this vast operation, all contributing to the economy of this area.

Yes, we're big, but our greatest resource is people - working and joining together in our community. Dedicated people - working together with a concern for and a pride in our combined effort - all a part of the total OWENS-ILLINOIS ORANGE OPERATIONS.

May brings the end of another school year and students find themselves rushing from one end-of-the-year activity to another. Schedules are filled with choir and band concerts, award programs, and graduation exercises and parties. These activities are characteristic of every school year, yet each year these events are special because different people are involved.

And so - year after year

What is time? The shadow on the dial, the striking of a clock, the running of the sand, day and night, summer and winter, months, years, centuries--these are but arbitrary and outward signs, the measure of Time, not Time itself. Time is the Life of the Soul.

Time to the nation
as to the individual is
nothing absolute; its
duration depends on
the rate of thought
and feeling.

Time is not
progress,
but amount;
One vast
accumulating
store,
Laid up,
not lost!

Made,
bitter-sweet,

fruits of life
There is a wine;
It quenches
every human
thirst--
We call it Time.

Lost
time
is
never
found
again.

To every thing there is a season, and a time to every purpose under the heaven;

A time to be born, a time to die; a time to plant, and a time to pluck up that which is planted;

A time to kill, and a time to heal; a time to break down, a time to build up;

A time to weep, and a time to laugh; a time to mourn, and a time to dance;...

A time to get, and a time to lose; a time to keep, and a time to cast away;

A time to rend, and a time to sew; a time to keep silence, and a time to speak;

A time to love, and a time to hate, a time of war, and a time of peace.

Ecclesiastes 3:1-8
